Dear Sir:

Applicant submits the following Remarks in Response to the Final Office Action dated October 9, 2001 in the above referenced Patent Application.

**REMARKS**

In the present application, claims 1-29 are pending. The Examiner has rejected claims 1-29.

**Rejections Based on Double Patenting**

The Examiner rejected claims 1-5, 7-12, 14-19, 21-26, 28 and 29 under the doctrine of obviousness-type double patenting, in light of claims 1-22 of U.S. Patent No. 5,871,449. The applicant is in the process of recording a patent assignment with the United States Patent and Trademark Office. Upon completion of the recordation process, the assignee will execute a terminal disclaimer which will disclaim the terminal part of any patent granted on the above-captioned application, which would extend beyond the expiration date of the full statutory period of U.S. Patent No. 5,871,449. The filing of the terminal disclaimer will thereby obviate the double patenting rejection.
